Fridayy

Tell me what you want
Uh girl I wanna know
Please don't make it complicated
We ain't gotta complicate it

It could be so simple babe
Don't know but you're driving me crazy
Please don't make it complicated
We ain't gotta complicate it

(It could)
(It could be so)
(It could)
(Don't make it complicated)

(It could)
(It could be so)
(It could)
(Don't make it complicated)

It could be so simple babe
Don't know but you're driving me crazy
Please don't make it complicated
We ain't gotta complicate it
