

## Done For Me

Fridayy

I know what he's done for me  
Too many are dead and gone  
But your still sparing me  
Tell me why they envy me  
Lord, I pray you defend me from my enemies

Hope I see it through before I go  
Not in our hands  
It's in God's Plan  
Don't know where we're heading on this road  
Not in our hands  
It's in God's Plan

I'm standing strong they fall under me  
Won't let em knock me down off my feet  
Too many times I fall on my knee  
Tryna take the wheel almost drove off track  
Oh, Lord, take the wheel so I won't look back

Siw mwen La gras a jay  
Gade ko tem rive  
Malgrem pa meritel  
Ou potem jem  
Ou potem jem  
[English translation:  
If I'm here it's by the grace of God  
Look where I arrived  
Even tho I don't deserve it  
You look after me  
You look after me]

I was down low but you saved me

I know what he's done for me  
Too many are dead and gone  
But your still sparing me  
Tell me why they envy me  
Lord, I pray you defend me from my enemies

Hope I see it through before I go  
Not in our hands  
It's in God's Plan  
Don't know where we're heading on this road  
Not in our hands  
It's in God's Plan
