

# God Sent

Fridayy

I took the pain so we could all live  
Ain't gotta question me you know what it is  
Ain't think of me I did it all for you  
You see the scars I had to pay my dues  
I gave my all and you still switched on me  
Stabbed me in my back and then you watched me bleed  
You switched on me switch on me ohhhh

I know I'm God sent hoping I could bring my brothers all up to heaven  
I know it's no weapon, formed against me shall not prosper  
God sent uhh God sent  
I sacrificed it all for you I know I'm God sent

You tell me you love me did you mean it  
Or did you only say cause it's convenient for you  
You don't gotta question it I'm all in  
Good or the bad just know I'm all in for you  
I don't ask about your niggas in the past cause they all in the past  
You could leave them where they at  
Wonder do you think about how I feel  
I got feelings for you I cannot deny  
Scared to love cause I been heart broken too many times  
I been let down by the ones who say they love me plenty times  
Ohhh baby  
I was hoping you could save me  
Cause you let me down lately

I took the pain so we could all live  
Ain't gotta question me you know what it is  
Ain't think of me I did it all for you  
You see the scars I had to pay my dues  
I gave my all and you still switched on me  
Stabbed me in my back and the you watched me bleed  
You switched on me switch on me ohhhh

I know I'm God sent hoping I could bring my brothers all up to heaven  
I know it's no weapon, formed against me shall not prosper  
God sent uhh God sent  
I sacrificed it all for you I know I'm God sent

Know I know  
Ain't think of me I did it all for you  
You see the scars I had to pay my dues

I know  
God sent  
I sacrificed it all for you I know I'm God sent
