

# Grateful

Fridayy

And if you never did another thing  
You did enough, you did enough  
You were with me through the lows, and picked me up  
You picked me up

I'm grateful, grateful, I'm grateful  
I am grateful  
Grateful, grateful

I am never forgotten  
You have always provided  
I'm not lacking, I am not empty or in need  
Haven't seen every promise, but I know that you are good  
You are more than enough, more than enough for me  
You're everything I need

And if you never did another thing  
You did enough, you did enough  
You were with me through the lows, and picked me up  
You picked me up, picked me up  
I'm grateful, grateful, I'm grateful  
I am grateful  
Grateful

I can see it in my family, I can see it in my friends  
I thank God for their life, their health, their strength  
I don't deserve the favor, but it's just a Father's nature  
To give so much more than I ever hoped or dreamed  
Jehovah Jireh provides everything

If you never did another thing  
You did enough, you did enough for me, for me  
You were with me through the lows, and picked me up  
You're picking me up now, you're picking me up now  
I'm grateful, grateful, grateful  
Grateful  
I'm grateful, grateful

Winter and spring, seed time and harvest  
It proved one thing, I know God got us  
Never got to walk alone, never on my own  
If I ever forget, I'll remind my soul

And if you never did another thing  
You did enough, you did enough  
You were with me through the lows, and picked me up  
You picked me up  
And I'm so grateful, grateful  
And I'm so grateful, grateful
