

# I Pray

Fridayy

I wanna fly away, I wanna fly away  
I wanna fly away, I wanna fly away, yeah  
I wanna fly away, I wanna fly away

Lord I need you here, I'm down here on my knees  
Pray you protect me from all of my enemies  
I pray, I pray, I pray, I pray, I pray

They wanna see me fall, I pray the Lord keep me on my feet  
Oluwa pray you shower me with your blessings times three  
And if I fall down, cover me  
Times got tough, I got on my knees  
Father hold me close, don't let me go, will you comfort me  
So many long nights we ain't sleep, we was down so bad  
Had my back against the wall, I just pray one day we ball  
Guide my feet so I don't fall  
Protect me and the ones I love, I pray you keep them close  
My friends and family, friends turned enemies

Lord I need you here, I'm down here on my knees  
Pray you protect me from all of my enemies  
I pray, I pray, I pray, I pray, I pray

It's a blessing, look how far we came  
Talk to the plug, don't talk to middleman  
Look at me different, but I'm still the same  
I felt the pain and I been through the rain, oh  
My enemies charging on me  
They wanna tear me down into piece  
I will never let them close, I will never let them know  
Yeah you know I'm never perfect  
But every single day I try  
Tell me now if you against me  
Or are you standing by my side, oh  
They rising up on me  
But we never gonna let go  
Pray that God protect me while I'm on the road

Lord I need you here, I'm down here on my knees  
Pray you protect me from all of my enemies  
I pray, I pray, I pray, I pray, I pray

Lord  
I pray, I pray, I pray, I pray, I pray...  
Lord  
I pray, I pray, I pray, I pray, I pray...

Oh Lord protect me from my enemies  
They wish death on me, oh I'm down on bended knees  
Oh Lord protect me from my enemies  
They wish death on me, oh I'm down on bended knees
