

## I Won (Outro)

Fridayy

Been at this shit like it's normal now  
Like, none of this is normal (That's true)  
And then it'll be somebody you just have a convo with like  
Damn, like none of this is normal  
Like I'm just blessed, niggas, I'm good, like  
Like, like look at where I came from bro  
If nothing else happens for me in life, I won bro (Absolutely)  
I won bro, I'm good, like God did enough bro  
I know it's not gonna end here, but  
You know what I'm saying?
