

One Call Away

Fridayy

Yeah, yeah
Yeah, yeah
Yeah, yeah
Hey

You know that you a bad girl
Know you too fine to be acting like you not her
I'm pourin' all my feelings out
I'm too turnt, girl, you gotta know
That I want you
I want you
Tonight
Tonight
I want you
I want you
One more time

I give you lovin' you just can't ignore
I got the feelin' that you want more
We on the same type time for sure
You on my mind like you been here before
I see one too many girl on the floor
But it's only you I'm lookin' for
I'll give you what your searching for
Just hit my line 'cause I'm just one call away

Hey, just one call away
Just one call away
Just one call away
Said I'm just one call away
Just one call away
Just one call away
Just one call away
Said I'm just one call

Baby, call on me when you be needing it
You can leave with me, you know I'll be attentive
Give you TLC, the way I creep in it
Face first, I'ma dive right in it

Just say want it girl, you can't be frontin'
I'm down with licking, girl, it's all 'bout loving
We get to touch and ain't no reason for discussion
No, it ain't
You keep on playing, I'ma leave it to your imagination
'Cause we know that we can take our time
And baby, I'll do you right
All you gotta do is hit my line

I give you lovin' you just can't ignore
Ignore
I got the feelin' that you want more
More
We on the same type time for sure
You on my mind like you been here before
I see one too many girl on the floor
Floor

But it's only you I'm lookin' for
Ooh, yeah
I'll give you what your searching for
Ooh, yeah
Just hit my line 'cause I'm just one call away

Hey, just one call away
Just one call away
Just one call away
Said I'm just one call away
Just one call away
Just one call away
Just one call away
Said I'm just one call away
Just one call away

Hey, just one call away
Just one call away
Just one call away
Said I'm just one call away
Just one call away
Just one call away
