

# Shotgun

Friday

Aye, certified  
I need your body, come and gimme life  
If you ever left, you'd make a thug cry  
I'd come and find you on the other side  
On the other side  
When it's time to spin the block, you got shotgun  
It get wicked when these streets lights come on where I come from  
See me outside, they gotta see you  
I go to war 'bout mine, standin' on front line

Stood ten toes by my side, never left me  
Me and you against the world, never ending  
That's on my life  
I'll risk it all for you every time  
I'm talking 'bout every time

When it all falls down  
That love you give me, it be hitting  
You not one of them, girl, you different  
When it all falls down  
The only one that keep me lifted  
That's why I'll always put you in position  
When it all falls down  
I pray, I pray, I pray you'll stay right here  
I pray that we stay locked in  
It's Fridayy though  
When it all falls down

Shawty, look, if my dollars turn to pain  
Will your patience turn to anger?  
Will the lames you stayed away from find a way to entertain you?  
Still see me how you saw me, do you still get palpitations?  
If my wallet not as gaudy, you still praying for me daily  
If Channels turned to Coaches, would you ghost me with no closure?  
And some hoes I know emotionless unless you guys don't-  
Look-look, I know, I know, I know, I know I probably shouldn't question you  
I know you probably won't, but I don't know, you might be tempted to  
Seven-figure nigga put these bitches in a sexy mood  
Anything that's less, I got them penciling they schedule  
Loyalty, revenue, it's water or oil, this I knew  
Love me if I'm broke, this hypothetical I'll never lose

Stood ten toes by my side, never left me  
Wale, yeah  
Me and you against the world, never ending  
That's on my life  
I'll risk it all for you every time  
I'm talking 'bout every time

When it all falls down  
That love you give me, it be hitting  
You not one of them, girl, you different  
When it all falls down  
The only one that keep me lifted  
That's why I'll always put you in position  
When it all falls down  
I pray, I pray, I pray you'll stay right here

I pray that we stay locked in  
When it all falls down

When it all falls down  
Seven-figure nigga got these bitches in a sexy mood  
I pray, I pray, I pray you'll stay right here  
Seven-figure nigga put these bitches in a sexy mood  
I pray that we stay locked in  
When it all falls down
