Sun Comes Down

Fridayy

I know you never told me that this life would be easy
But I find it hard to think that I'm on this road alone
The ones I needed the most always leave me, hey, yeah
Feel like I'm in the deep right now
But I'm still holding on

Shots up for the ones that still here and for the ones we lost
It's like we gain another angel every time we look up
We know you're gone but never forgotten
I know you see me down here fighting
You wouldn't give me nothin' that I can't handle
I know we'll make it through the storm

'Cause when the sun comes down, that's when we look up
Ooh, ooh, ooh
When the sun comes down, that's when we look up
Oh, oh, oh, oh
When the sun comes down, that's when we look up

That's when we look up
You brought us too far to give up
'Cause ain't no fire I can't walk through, walk through
Ain't felt no pain like when I lost you
I know you up there, I'ma find you
Just give me your wings so, I can fly through

Shots up for the ones that still here and for the ones we lost
It's like we gain another angel every time we look up
We know you're gone but never forgotten
I know you see me down here fighting
You wouldn't give me nothin' that I can't handle
And I know we'll make it through the storm

'Cause when the sun comes down, that's when we look up
Ooh, ooh, ooh
When the sun comes down, that's when we look up
Oh, oh, oh, oh
And when the sun comes down, that's when we look up

And when the sun comes down, that's when we look up
When the sun comes down, that's when we look up
When the sun comes down, that's when we look up
When the sun comes down, that's when we look up
When the sun comes down, that's when we look up
When the sun comes down
