

# You

Friday

Lord have mercy  
Damn you special  
Ah  
You a diamond  
Girl you pressure  
Ah  
Can't deny it  
I'm confessing  
Every time you ride it I get gassed up  
Got that kinda body I can't pass up  
And you ain't with the rah rah  
Could take you anywhere  
Ain't giving up the na na  
These niggas wouldn't dare  
And girl you know you fine fine  
That shit ain't even fair no no no no

They be on my line  
But I only want you  
I'm 'a push "decline"  
When they try to buzz through  
The way you move ya body  
Got me acting brand-new  
Tryna raise my blood but I'm not a piru  
They be on my line  
But I only want you

Yes I want the good life, yes I want the paper  
But you need to know that I also want you  
Love it when you call me on the phone with no make-up  
I've been on my own, baby what you gon' do?

And I've been drinking alcohol with no chaser  
I've been outchea, when you gonna come through?  
Heartbreaker, but she call me back-breaker  
Take you up to heaven when I lay it on you

Take me up on my offer  
One-time lover  
Spend my time and my dollars  
Drip too hard like Gunna  
Fine like Omotola  
Bad enough to make a man jealous  
Wherever you go, girl, you know me I follow  
You already know say me I be dangbana  
Sho ma tomila? Oya baby tomitola  
I got everything but I still want you

And you ain't with the rah rah  
Could take you anywhere  
Ain't giving up the na na  
These niggas wouldn't dare  
And girl you know you fine fine  
That shit ain't even fair no no no no

They be on my line  
But I only want you

I'm 'a push "decline"  
When they try to buzz through  
The way you move ya body  
Got me acting brand-new  
Tryna raise my blood but I'm not a piru  
They be on my line  
But I only want you

I can't let go  
You hold all the strings like Geppetto  
Swear you could have it all if you say so  
But you don't even aks for no paper  
Baby girl got her own  
You be on my time  
In a different zone  
All that body real  
Ain't no silicone  
I can't even help myself when you throw it back on me  
Fold you like a pretzel  
I'm 'a make you bend over for me  
Bussin like Draco  
Every time you get down on your knees  
Waiting on your body all day  
Baby, won't you come my way  
Put you on flight you don't need no bags  
Everything's on my tab

And you ain't with the rah rah  
Could take you anywhere  
Ain't giving up the na na  
These niggas wouldn't dare  
And girl you know you fine fine  
That shit ain't even fair no no no no

They be on my line  
But I only want you  
I'm 'a push "decline"  
When they try to buzz through  
The way you move ya body  
Got me acting brand-new  
Tryna raise my blood but I'm not a piru  
They be on my line  
But I only want you

They be on my line  
But I only want you  
I'm 'a push "decline"  
When they try to buzz through  
The way you move ya body  
Got me acting brand-new  
Tryna raise my blood but I'm not a piru  
They be on my line  
But I only want you
