

All day I've been wanting to see your face  
I can't seem to focus on any of my work  
The smile on your face when you sometimes stare at me  
Without even realizing I want to confess to you that I like you.

I like being just a friend to you  
If it means that I'll be by your side  
I don't want to forget you  
Cuz you're my most important friend

You're my best friend  
But you can't be my boy friend  
Whenever I look at you,  
You always look back at me as just a friend

You're my everything  
But I can't confess to you  
You live inside my heart

Whenever I'm staring at you  
As nothing more than just a friend  
Without even realizing my heart starts to hurt

I'm afraid that my true feelings will show  
So I try to hide it to myself  
I'm slowly growing farther away from you

I like being just a friend to you  
If it means that I'll be by your side  
I don't want to forget you  
Cuz you're my most important friend

You're my best friend  
But you can't be my boy friend  
Whenever I look at you,  
You always look back at me as just a friend

You're my everything  
But I can't confess to you  
You live inside my heart

From now on when I'm by your side  
I'll see you only as a good friend  
But I'll still cherish you  
As much as I like you

You're my best friend  
But you can't be my boy friend  
Whenever I look at you,  
You always look back at me as just a friend

You're my everything  
But I can't confess to you  
You live inside my heart
