

Roadless

Frightened Rabbit

I turned off the road
Because I was bored
Because I was empty
And we all need filling up
I'd been running on petrol fumes
And enough was not enough
So I walked, heel to my toes
On the wire between carefree
And not caring at all

I'll go wherever I can go
Roadless as I am
Roadless soul

I got lost
Just hanging around
In a blur of the days and weeks and months
Took the calendar down
And watched everyone going somewhere
While I waited to be found
At the cat piss inn
Bathing in bleach
I'm too neutral now to find color o'er my cheeks

I'll go wherever I can go
Roadless as I am
Roadless soul

I'll go wherever I can go
Roadless as I am
All the roadless soul
