

Scars that I'm Hiding

From Ashes to New

Anxiety keeps me awake
This is real but I feel so fake
It never seems to go away
Staring back at me when I face myself
It's so hard

I can't let go
Cuz I'm holding on to
The scars that I'm hiding
Scars that I'm hiding
Cold and alone with these
Scars that I'm hiding
Scars that I'm hiding

Some are small and some are deep
And I bleed from the ones that won't heal
Why do these shadows follow me?
Whispering at me when I face myself
It's so hard

I can't let go
Cuz I'm holding on to
The scars that I'm hiding
Scars that I'm hiding
Cold and alone with these
Scars that I'm hiding
Scars that I'm hiding

And I don't know
How much more I can take
Before I go away

I can't let go
Cuz I'm holding on to
The scars that I'm hiding
Scars that I'm hiding
Cold and alone with these
Scars that I'm hiding
Scars that I'm hiding

I can't let go
The scars that I'm hiding
Scars that I'm hiding
So cold
Scars that I'm hiding
Scars that I'm hiding
