## From Fall To Spring

I've come too far, I can't go back  
Met the devil on my way, paint my soul black  
Armed up, yeah, I'm heading for the conquest  
Stay back, you're not ready for this contest  
Ha, I'm in a race against the clock  
You're unable to catch up but I'm never gonna stop, uh  
Look, working my way up to the top  
Full potential unlocked, level up

But are you able to digest  
The topics that I address or do they make you depressed?  
I guess I have to confess  
Music helps me to express all the things I need to get off my chest  
But in your eyes I'm the enemy, heavily spreading the profanity  
Pardon me, have you lost your sanity?  
Total lack of empathy, damaged mentally  
This is who I am and this is what I'm fucking meant to be

You're gonna know my name  
'Cause I won't let go of destiny  
Well, I hope you'd understand  
All the hate you bring up against me  
Is never gonna hit in a thousand years  
Everything you say is a blessing  
You can't break my destiny

You see, this life was kinda made for me  
Still not at the top, but I will make it up eventually  
And I tend to be growing exponentially  
This is who I am and this is what I'm fucking meant to be  
Sit back, ain't no way you take the impact  
In fact, you're better taking a step back  
Unless you desperately want your head cracked  
Doubt that, so you better learn to take a setback

You're gonna know my name  
'Cause I won't let go of destiny  
Well, I hope you'd understand  
All the hate you bring up against me  
Is never gonna hit in a thousand years  
Everything you say is a blessing  
You can't break my fucking destiny

Now you can't live without me  
No, you can't make it on your own  
No, you can't look, you can't look away  
Yeah, you're trying but  
You can't look away  
Go on hate me  
Fuck all your ways of bringing me down  
I'm not changing, 'cause in the end

You're gonna know my name  
'Cause I won't let go of destiny  
Well, I really hope you'd understand  
All the hate you bring up against me  
Is never gonna hit in a thousand years

Everything you say is a blessing  
You can't break my fucking destiny

Now you can't live without me  
No, you can't make it on your...  
No, you can't look, you can't look away  
'Cause I'll never leave your head
