

Hear Me Out

From Fall To Spring

You are like sunshine
You are like sunshine

You are like sunshine at night
When I'm lost in the dark you're my guiding light
Every time I'm not with you
I'm insecure and drown
In doubt there's nothing I can do
In my darkest times you pull me through

Give me a moment and please hear me out
I know where I belong, where I am safe and sound

Since the day I first saw you
I can't cope with life
'Cause all I can think of all the time
Is you

Thank god, you found me in darkest night
Thank god, you bring me to the light
Thank god, my angel, you bring me back to life

Give me a moment and please hear me out
I know where I belong, where I am safe and sound
Please listen to me, this is your song
Finally the time has come and I turn my life around
I do it all for you

Right in this moment, if I speak from the heart
It's not too late
What will you do?

Would you take my hand and trust me again?
I'll never let you go from now until the end

Oh please, one moment
Please hear me out
With you I belong, there's no doubt
And I feel it all through
Home is where the heart is
So I am home with you
