

# Surrender

From First to Last

Let's just pretend  
(Drink drink drink drink drink)  
That falling apart  
(Drink drink drink drink drink)  
Wasn't really the end  
(Drink drink drink drink drink)  
It was performance art

I'm surfin' perma-prescription drug  
Ecstasy opera  
Drink my weight daily  
Black out with my baby

I tried to love her  
She screamed surrender harder motherfucker  
I ran for cover  
She screamed surrender harder motherfucker

Surrender, surrender, surrender, oh surrender

Let's just pretend  
It never happened  
Let's just pretend

I'm surfin' perma-prescription drug  
Ecstasy opera  
Drink my weight daily  
Black out with my baby

I tried to love her  
She screamed surrender harder motherfucker  
I ran for cover  
She screamed surrender harder motherfucker

Surrender, surrender, surrender, oh surrender  
Surrender, surrender, surrender, oh surrender

Surrender, surrender, surrender, oh surrender  
Surrender, surrender, surrender, oh surrender

Oh surrender
