

Keep Me

From Indian Lakes

Lookin' up in your head
I need you to be somethin' that I never had
I wanted to get over the impermanence
It's lookin' like the Sun comin' through your shades

The ceiling is a cloud
We begin to fade
The ceiling is a cloud
We begin to fade

Keep me closer
I'm comin' in
Too far along your eye
We feel older
I'm runnin' outside
I'm on your mind

No one here lets you pass
You keep your other body in a bed of glass
You're holdin' up your mouth but it never lasts
I used to be a shell floatin' in your bay

The water turnin' warm
Seepin' in my brain
The water turnin' warm
Seepin' in my brain

Keep me closer
I'm comin' in
Too far along your eye
We feel older
I'm runnin' outside
I'm on your mind
Keep me closer
I'm comin' in
Too far along your eye
We feel older
I'm runnin' outside
I'm on your mind
Keep me closer
I'm comin' in
Too far along your eye
We feel older
I'm runnin' outside
I'm on your mind
Keep me closer
I'm comin' in
Too far along your eye
We feel older
