Always wanna be with you
A small confession of mine
Always wanna be with you
Words I still couldn't say

A story I wanna tell you for you
When will I be able to say it
I sneakily left that feeling inside
My inexperienced and delicate heart

Lots of thoughts are forming
It's like tangled strings but
But this moment as I watch you
Makes me very happy

How should I say it, when will you find out
Why am I blinded in front of you and turn my head
I practice saying goodbyes as I smile secretly
Dream, please come true

What I have imagined and waited for, it's time
This feeling as my heart is thumping
I'm scared that it will
Transparently show it all

My thoughts are getting deeper
Where did it all start
The small moments are very precious
This is my heart and you probably wouldn't know

How should I say it, when will you find out
Why am I blinded in front of you and turn my head
I practice saying goodbyes as I smile secretly
Dream, please come true

Again, in my secret diary
My own memories, by line, by line, by line
My wish that I have very earnestly prayed for
Will it come true~ oh

How should I say it, when will you find out

Why do I get smaller in front of you
I secretly pull you out
You probably don't know
Please know that this is me
Dream, please come true
