Don't wanna fill your wishlist  
With your expectations

Brown eyes, pretty smile  
Sassy but sophisticated  
Pick and choose what you like  
Check off boxes on your wishlist  
Stop wastin' your time  
'Cause I don't fit in to  
Any box, any marks  
Do, do what I want, dress how I like

You packaged me with all your faves  
Full of filters and all these frames  
Ain't gon' try to fit into it  
It's just all your dreams in your head  
Walk away from all the fantasies  
Yeah, you just gotta realize  
Love the way I am  
Even all the flaws

Don't wanna fill your wishlist  
With your expectations  
No fairy dust for your stupid wishes  
If you seek anyone  
That perfect type who lives in your dream  
I'm not for you, so I don't give a-

Everybody talks behind my back  
All pointing fingers, making faces  
How you know me better than myself  
Well, I guess, just a stereotype  
How you been spending all your time?  
Waiting for your dream girl?  
Wake yourself up, get real  
'Cause life is too short, babe

You packaged me with all your faves (Oh)  
Full of filters and all these frames (Oh)  
Ain't gon' try to fit into it (Uh-uh)  
It's just all your dreams in your head  
Walk away from all the fantasies  
Yeah, you just gotta realize  
Love the way I am  
Even all the flaws

Don't wanna fill your wishlist  
With your expectations  
No fairy dust for your stupid wishes  
If you seek anyone  
That perfect type who lives in your dream  
I'm not for you, so I don't give a-

Been through a lot, now look what I got  
Finally, I found my true love  
Oh, you think it'd be Prince Charming  
Got no room for that on my list

This love is gon' be the last  
'Cause my true love is only myself

Don't wanna fill your wishlist  
With your expectations  
No fairy dust for your stupid wishes  
If you seek anyone  
That perfect type who lives in your dream (Ah)  
I'm not for you, so I don't give a-
