

Blood

Front Line Assembly

Darkened, obsession. Broken heart. Petitions of killing. Where,
where to start?

You, you've got blood in your eyes. You can't see past your lies.
You are the one you desire. Cause you've got blood in your eyes.

Sinking, so deep. In this final sleep. This water, is turning red.
explosion, I'm dead.

You, you've got blood in your eyes. You can't see past your lies.
You are the one you desire. Cause you've got blood in your eyes.
Your eyes, cause you've got blood in your eyes. Your eyes,
cause you've got blood in your eyes.

You can see it's not right. You are the one you desire. Cause you
you've got blood in your eyes.

Take it, it's ours. The same malls. Dead and gone, is your only
face. Liar, liar. Death becomes you. Death inside down, inside
me.

You've got blood in your eyes. You can't see past your lies. You
you are the one you desire. Cause you've got blood in your eyes.
Your eyes, cause you've got blood in your eyes. Your eyes, cause
you've got blood in your eyes.
