

Echogenetic

Front Line Assembly

Let me out. I'm caged. Like an animal. I can see - i can see the light. I'm caged like an animal.

I see the pain, I feel the rain. I see the sadness, I feel the madness. Skewed deceptions, human protection. Cryptic contention, genetic overload.

Listening for signals, in all directions. Stay alive. This perfect, demodernization. Find me, find out, to come alive.

I see the pain, I feel the rain. I see the sadness, I feel the madness. Screw deceptions, human rejection. Predict contention, to let it come alive.

Let me out. I'm caged, like an animal. Let me out. I'm caged, like an animal. I can see, I can see the light. Let me out. A cage, like an animal.

Let me out. I see the pain, I feel the rain. Let me out. I see the sadness, I feel the madness. Let me out. Screw deceptions, human protection. Let me out. Cryptic contention, genetic overload.
