

## Lowlife

### Front Line Assembly

Hollywood is burning  
Everything's turning red  
Rich People squirming pumping out the lead  
Seeing is believing everything is free  
Endless lights of glory drowning in the sea

Strange different faces tell different lies  
Conquest of creation it only lasts a while

Lowlife  
Let's get high  
Lowlife  
Let's Fly

City of the angels  
Lifestyles of the dead  
Plastic recreation degenerates your head  
Morbid transformation  
Hard to tell what's real?  
Stem cell masturbation  
Faces made of steel

Lowlife  
Let's get high  
Lowlife  
Let's Fly

Time to die
