

## Re-Birth

Front Line Assembly

A light  
In the universe  
Transmits  
New Codes  
Systematic predator  
Now unfolds  
Protectors  
Of the universe  
Eternalize by myth  
New genetic mutations  
Informs of monolith

Lifeless and fallen  
Bodies lie still  
Waiting for rebirth  
To strike at will / to kill

Floating in a sea of bliss  
Emerging mysteries  
The epidemic copulates  
Spreading the disease

Mechano-eroticism  
Decadent Anarchy

The final solution is execution  
Foreign intruder  
A new persecutor

A vastness of scars  
The earth  
Illusions so decayed  
So empty  
And perverse  
Not a sound is heard

Two ships collide in the night  
Smoke fills the air  
Lost in space  
In a darkened void  
No one seems to care
