Creeper

Fronzilla

Drop your ass to the floor, make the ground shake.
We can take it to the bed, make the bed break.
Pass the torch like we runnin' in a relay.
I just wanna see you strip down, hit replay.
Take your pants off.
Tangled with your brown hair
Imma sit there, watching with a deep stare.
People in my mind say that we a great pair.
I'm at your window looking in, put you don't know I'm there.

I'm at your window, looking through your curtains.
Greedy looking, mother fucking mad as fuck.
I'll be the bad guy, you can play the victim.
Let me in your room and we can test my luck.

Greedy looking, mother fucking mad as fuck.
I'll be the bad guy, you can play the victim.
Let me in your room and we can test my luck.

Half naked, taking selfies like your hot shit,
In your mind your a mother fucking bad bitch.
All alone but your the instagram photo queen.
Clip your weave on sipping on that jim bean.
You here a noise outside, blame it on the wind.
You're too busy reassuring that you're really thin.
Flying solo, you just suck, fuem them innocence
But when you hear the knock, baby you should let me in.

I'm at your window, looking through your curtains.
Greedy looking, mother fucking mad as fuck.
I'll be the bad guy, you can play the victim.
Let me in your room and we can test my luck.

You put the bottle down, now you feelin too drunk,
You let me in cause you're all about a strange fuck.
Face down, ass up, getting weird with it.
She don't even care, even though my friends did it.
You a bad girl but you love a good dare.
Blind-folded, tied up to the wood chair
Take a deep breath, then you say a deep prayer
I disappear like I was never ever there.

I'm at your window, looking through your curtains.
Greedy looking, mother fucking mad as fuck.
I'll be the bad guy, you can play the victim.
Let me in your room and we can test my luck.
