

Turn It Up

Fronzilla

Let's get it

White girls in the Starbucks like cocaine running in your veins
Rappers like me F-R-O-N-
Z, get a beat and they make it insane, bitch
Always moving passed it, know I'm guaranteed to turn it up
Oh shit, this is your new party song

Liquor in my cup, you know we don't give a fuck
Cause a party is a party and we came to turn it up, bitch

Oh shit, bitches on my dick
And we all up in this party cause we came to make it sick
I got this whole club jumping, I think I just wrote a hit
You should think before you spit
Better wipe that seat before you sit

Yeah, the fucking people think they know how to fucking party
All talking shit like they know what's up
Man, they ain't with this shit
Compared to us, man, they ain't even on that fucking level

Alright, what day of the week is it?
Well hold up, no one gives a fuck
We party like every day
That's right bitch, jump up in my truck

Homie in the front seat, hoes in the back seat
Oh shit, hit me with that nasty beat

Liquor in my cup, you know we don't give a fuck
Cause a party is a party and we came to turn it up, bitch

Oh shit, dude, that party was fucking crazy last night dude..

Oh shit, bitches on my dick
And we all up in this party cause we came to make it sick
I got this whole club jumping, I think I just wrote a hit
You should think before you spit
Better wipe that seat before you sit
