

Filthy Black Shit

Frost*

There's a devil in the mirror
The shit lice come writhing
Witch-song is calling
Rise up!
Beasts of the earth
Pass the filthy shit
Kiss the devils rotting asshole
Dancing in circles
Back to back

Black faced - limping like Wotan
Come now - white with blood, witch
Come and kiss the devils rotting asshole
Come and join the orgy of souls

Now crawl with me demons
Feast upon this fucked up carcass
Tonight dreams come flooding
The massacre of innocence
Kiss the devils rotten asshole
Dancing in circles
Back to back

Black as stale blood

Kiss the devils rotten asshole
Dancing in circles
Back to back
