

Frozen Dawn

Frozen Dawn

As the full winter moon twilight
Glittering landscape burns
Showing its bitter face
Razing everywhere

Frozen dawn
Thrilling winds
Frozen dawn
Lightning storms
Frozen dawn
Winter rain
Frozen dawn
Lost remain

As fog arises
Disguised in grey
As the clouds show another day
A day called to black

No sun, no light
No sign of life
Burned in white
Covered with ice

Blizzard winds from northern lands
