

# The Speed Of Life

Frozen Plasma

Fields of empty feelings  
Living life without regret  
Walking through the fire  
A senseless journey through these times  
Living in the fast lane  
A moment plots what lies ahead  
Rough and ready driver  
Don't you want to stop the chase?

Here's someone who stood up  
Here's someone who woke up  
Someone who learned the meaning  
Running at the speed of life  
Here's someone who helped out  
Here's someone without doubt  
Someone who feels true feelings  
And running at the speed of life

Life is but a stopping point  
A resting place along the road to eternity  
Different paths along the way  
We all were meant to learn some things  
Far greater than we know

You're running away  
Running away  
You're running away  
Running away  
You're running away

Let's the seize the day  
Let's go astray  
There ain't no reason to be shy  
Running at the speed of life  
You're running at the speed of life  
Fold out and bloom  
Won't be no more  
See all your worries left behind  
You're running at the speed of life  
You're running at the speed of life  
Let's seize the day  
Let's go astray  
There ain't no reason to be shy  
You're running at the speed of life  
You're running at the speed of life  
Fold out and bloom  
Won't be no more  
See all your worries left behind  
You're running at the speed of life  
You're running at the speed of life

Let's seize the day  
Let's go astray  
There ain't no reason to be shy  
You're running at the speed of life  
You're running at the speed of life  
Fold out and bloom

Won't be no more  
See all your worries left behind  
You're running at the speed of life  
You're running at the speed of life
