

# Abominable

## Frozen Soul

Cold abyss  
Bottomless pit  
Of emptiness  
Fall below, awaken

Emerge, ascend  
Reborn again bringer of the end

Forged in ice  
Sacrifice  
You overcome  
You're meant to become  
Abominable  
Unstoppable  
Abominable  
Invincible  
Abominable  
Self-destruct  
Abominable  
Unleash, erupt

Terrible  
Apocalyptic nightmare  
Unmerciful  
Reap what you sow  
You must

Emerge, ascend  
Reborn again bringer of the end

Forged in ice  
Sacrifice  
You overcome  
You're meant to become  
Abominable  
Unstoppable  
Abominable  
Invincible  
Abominable  
Self-destruct  
Abominable  
Unleash, let go erupt

Forged in ice  
Deadly and precise  
War will suffice  
A mortal sacrifice so you

Can feel my blade  
For the bed you made  
A frigid grave brand new  
It waits just for you

Abominable, misery  
Is all you see, lost dreams  
Fade, flee, frost bound

In a cold abyss  
Bottomless pit  
Of emptiness  
Fall...  
Terrible  
Apocalyptic nightmare  
Unmerciful  
Reap what you sow  
You must be abominable
