

Hand Of Vengeance

Frozen Soul

Poisoned, rot the mind
Fed your death, kept blind
Chained down to a false hope
Chained down, face the rope

Force-fed fire for those you took
Bound to stone, you will forever burn
You reek of fear as the shade of death appears
In weakness you flee, as the hand of vengeance nears
In weakness you flee, as the hand of vengeance nears

There is no return, punishment of hate
Ice has to seal your fate

Force-fed fire for those you took
Bound to stone, you will forever burn
You reek of fear as the shade of death appears
In weakness you flee, as the hand of vengeance nears
In weakness you flee, as the hand of vengeance nears
