

Birthday Drunk

Fruit Bats

To be young
And birthday drunk
So drunk
And a new love
And with the watershed ahead of you

To be alone
And Christmas stoned
True ways no longer
All roads, no longer lead to here
All roads no longer lead to here

To give away all you've ever owned
And forget all you've ever known
Forget all you've ever known
Forget it all

To be sweet
Young [?]
Birthday drunk
Birthday drunk
