Dolly

Fruit Bats

Dolly, you better run - he ain't never gonna leave you
Never gonna see what a wreck you are
I know that you tried your best but you better slip away dear
You couldn't sabotoge it
You couldn't fuck it up

But maybe I'll come along if it's cool with you
Cause Dolly you know I'd do anything for you
Dolly, Dolly oh babe anything for you

Dolly, it's best you left - he's always gonna love ya
He's always gonna see past the things you've done
I know he's an easy meal but you know you gotta ramble
You know that its a big world
Just say its done

And maybe out on the road you could be with me
You know that I'd never let you not be free
Dolly, Dolly oh babe always stay near me
Dolly, Dolly oh babe always stay with me

Dolly you'd better bail, 'cause he's never gonna figure
Never gonna see that you're wrong for him
Dolly you're such a mess he ain't never gonna leave ya
Better come with me love
I'm gonna fix you up

If not then perhaps we'll meet in a week or two
Maybe by then I'll be good enough for you
Dolly, Dolly oh babe good enough for you
