

# So Long

Fruit Bats

She couldn't dance but she wanted to  
She couldn't sing but for a sigh  
They all said slip out on the side if you like  
There's no way that you ain't earned the right

She was always up before the light  
So she could gather herself before then  
Besides things were so much quieter at that time  
Before the hum and the buzz and the whine

She should dance if she wants to dance

She considers the rising of the sun  
She considers what may happen should she run  
Would the world fall apart as we know it  
Would she really be able to make a go of it  
She just wanted to have her own song  
Just to leave just to go, say so long

She should dance if she wants to dance
