Fruit Bats

Nothing left to say  
And all I've left to do  
Is run away from you  
She led me on down  
With secrets I can't keep

Close your eyes and sleep  
Don't wait up for me  
Hush now, don't you speak to me

Wrapped my hurt in you  
I took my shelter in that pain  
The opiate of blame  
Is your broken heart  
Your heart

I'm all by myself as I've always felt  
And I'll betray my tears  
To anyone caught in our ruse of fools

I'm all by myself  
(Close your eyes and sleep)  
As I've always felt  
(Don't wait up for me)  
I'll betray myself  
(Hush now, don't you speak)  
To anyone lost, anyone but you
