Even if I die waiting, waiting for you
Even if I die waiting, waiting for you everyday
Even if my heart dies waiting, it's okay

Because I love you like crazy
Because I miss you like crazy
Because I am crazy at your love
I will wait for you until you come

Even if I die hurting, hurting for you
Even if I die hurting, hurting everyday, it's okay

Because I love you like crazy
Because I miss you like crazy
Because I am crazy at your love
I will wait for you until you come

Because I remember you like crazy
Because I miss you like crazy
Because I am crazy at your love
I will wait for you here

Your touch, your breath, your scent, your memory
Stab me and make me unable even to breath

Even if I love you like this
Miss you like this
And die like this
I love you (I love you)
Oh, forever (My love)

Even if i love you here
Miss you here and close my eyes
I will love you, only you
