You wanted all of me
I'm losing myself in frozen time
It's getting hard and complicated
I feel so pathetic, I can't do this anymore
Oh baby, stop it
This isn't the love I wanted
Oh baby, stop it
Don't force on me the love you want
I know you Stop it now
I'm bruising
In my torn heart
You don't know me Stop it now
Behind your hidden smile
Are my painful scars

Now I know, I won't resent you anymore
You can act like you're not but I know you now
You act cool in front of me, but have different eyes in the back
From today on, let's go our separate ways
You didn't mean any of it
I lost myself in a dying love
You act like you're weak, you pretend to cry
Now stop it, I'm going crazy
Oh baby, stop it
This isn't the love I wanted
Oh baby, stop it
Don't force on me the love you want
I know you Stop it now
I'm bruising
In my torn heart
You don't know me Stop it now
Behind your hidden smile
Are my painful scars
Now I know, I won't resent you anymore
You can act like you're not but I know you now
You act cool in front of me, but have different eyes in the back
From today on, let's go our separate ways
I know you Stop it now
There's no answer
I wanna find myself again
You don't know me Stop it now
So that I will never love
A person like you ever again
I know you Stop it now
I'm bruising
In my torn heart
You don't know me Stop it now
Behind your hidden smile
Are my painful scars
Now I know, I won't resent you anymore
You can act like you're not but I know you now
You act cool in front of me, but have different eyes in the back
From today on, let's go our separate ways
