You'll be there for me
I'll be there for you

Always believe me
Always believe you

I'll be by your side at any time
Grab this hand

I won't go anywhere
I'll remain always here and never let you go

The truth is I'm thinking of you
If it's time for me to leave, just visit me

We won't break even if we felt loneliness
We'll overcome things and see our future

Justt believe, Let's make an oath
Let's walk on this road without hesitations

Just continue to wait for me
It's not easy to be alone

I'm sure we know each other
I know you can do it

Forever, No matter what doubts you have
My heart will still snuggle you

I'm screaming I cried whenever I don't reach you
I won't lose to things even if it's confusing and worrisome

I want to see you, There's no day that I want to see you
It keeps on passing, There's a day that I lose sight of you

So you won't be sad anymore
Cause I'm laughing, smiling

So you won't be sad anymore
Cause I'm laughing, smiling

You'll be there for me
I'll be there for you

Always believe me
Always believe you
