

## Boogie Van

Fu Manchu

Break - one nine  
Got your boots on  
Gearjammer set  
Boogey van so far  
How do you read me?  
Three's and eight's high  
Some kind of joyride  
Double-nickel right by  
In here - everything I need  
Style - built for speed  
Mother trucker runnin' low  
Four wheels - overflow  
Others passin' by  
Still movin' down the line  
So say~ the written word  
Two down - now the third  
The greatest thing I've seen  
Do why'all know what I mean?  
Meeting twenty was the plan  
Me and my boogey van

Like most - Chevys coast to coast  
People start to ride  
Dream machine burnin' wides  
Layin' a furious yard it smokes awful far  
Highback chair is low  
Rollin' faster off they go  
Tires roll flare to flare  
Custom shine everywhere  
One-fifty I don't care  
Half-way cross the land  
Me and my boogey van  
Movin' on down the line  
Here we go one more time
