

Dehumanize

Fu Manchu

Time waitin', no one faster
To the point, no one answers
Struck down, dim forecaster

Some say goin' nowhere
You hear down below there
Set aside as you repair

Someday
Who's first to arrive?
Outta sight, outta mind
To the next, dehumanize
Who's first to arrive?
Outta sight, outta mind
To the next, dehumanize

Confused, never fathomed
Amused, unimagined
Countdown, no reaction

Set free, so profound
One choice, nowhere, no how
No voice, sacred ground

Someday
Who's first to arrive?
Outta sight, outta mind
To the next, dehumanize
Who's first to arrive?
Outta sight, outta mind
To the next, dehumanize

Dehumanized
Dehumanized
Dehumanized

Who's first to arrive?
Someday
Outta sight, outta mind
Someday
To the next, dehumanize
