

Destroyin' Light

Fu Manchu

Engine ready, slowly explode
Crowd quickly to their feet, they go
Moment frozen without fear
Every turn, you get near

Destroyin' light, where to go?
Destroyin' light, off to slow
Destroyin' light, where to go?
Destroyin' light, off to slow

Show mercy what you seek
Sound dies, never sleeps
Fast movin', shed a tear
Every turn, you get near

Destroyin' light, where to go?
Destroyin' light, off to slow
Destroyin' light, where to go?
Destroyin' light, off to slow
