

Hey

Fu Manchu

We lie - solve it there
And you know just where
Started with some, ended with none
They're gone in thin air

Hey, I saw them
You lost when I saw
Right over there
Hey, I tried to find
All about the time
They were right over there

I've cooked enough hole today
Nothing left to say
Over and done, just needed one
I didn't want them anyway

Hey, I saw them
You lost when I saw
Right over there
Hey, I tried to find
All about the time
They were right over there

(Hey!) I saw
(Hey!) you lost
(Hey!) I saw
Right over there

(Hey!) I tried
(Hey!) I lied
(Hey!) they were
Right over there

You gimme your reason
I'll tell you why
I got all the answers
You got all the lies

Time to fall today
I didn't need it anyway
Now I got some
You're left with none
Motherf*ckers will pay

(Hey!) I saw
(Hey!) you lost
(Hey!) I saw
Right over there

(Hey!) I tried
(Hey!) I lied
(Hey!) they were...
