

## Lesson

Fu Manchu

Stare, I can tell you why you're here  
Find all the things you left behind  
Cry to explain how you survived  
Turn, I won't leave and try

Lesson you've taught me  
I know how and why  
Lesson you've taught me  
Is one I'll never find  
I'll never find

Back, behind your sunken eyes  
Wait, and I am not surprised

Walk, every time you try  
Write as you ask me one more time

Lesson you've taught me  
I know how and why  
Lesson you've taught me  
Is one I'll never find  
Lesson you've taught me  
I know how and why  
Lesson you've taught me  
Is one I'll never find  
I'll never find  
I'll never find
