

Liquify

Fu Manchu

Sonic surge
Massive immerse
Oceans collide
From depths, they rise

Liquify on your side
Go in low, go in high
Liquify on your side
Go in low, go in high

Words spoken
Silence broken
Shape form
Been reborn

Liquify on your side
Go in low, go in high
Liquify on your side
Go in low, go in high

Outer reaches with weeping eyes
Mind takes flight, repel decline
One-time revelation commence
Unknown origin from where we went

Liquify
Liquify
Liquify
On your side
