

## Ojo Rojo

Fu Manchu

She wanted nothing and I delivered  
Drawin' aces down the river  
My car, I could give her  
Shine that back down the river  
Man of leisure 'round town  
Dull nova, primed and brown  
Smoke's coming out of the back  
Wish I had my Cadillac  
I revved it up, hundred and one  
Kansas City, here I come  
The meter said one ninety five  
Hey ladies, want a ride?  
Want a ride?  
Want a ride?
