

Up on the blocks  
'Cause I've been hearin' it knock  
I said  
"Over and over again"  
And in my hand  
Got oil straight from the pan  
Pullin' to the right, be workin' all night  
I said, "Over and over again"  
Feeling just fine  
Five for a dime  
Feeling just fine  
Five for a dime  
And there he goes  
Yeah, only daredevil knows  
Gotta wired to a higher sound  
Way above the ground  
'Round the next turn  
I'm shew, I'll burn  
I'm lost and found  
Feeling just fine  
Five for a dime  
Feeling just fine  
Five for a dime
