

# Tunnel Vision

Fu Manchu

It's been a long time  
And I'm doin' alright  
Layin' low, wanna go 'cause I been hearin' it all night

In the back of your mind  
Comin' down from all sides  
I said, what I read now repeating back to me

To me!  
To me!

It's been a long time  
And I'm doin' alright  
Layin' low, wanna go 'cause I been hearin' it all night

Last time that I'll be  
You'll see what I mean  
Everything that I need to take it away from me

So take what I have  
Wave back, we'll win again  
Back where we began
