

## Perpetrator

Fuck the Facts

Destruction of life

I'll let you know when we'll kill him

So they said, it should be soon

Let's leave him dead alone

Like a dead fool

We go now

Bring your knife,

All equipment, be ready,

To kill a man, for the first time

In your life, you're not a child

I was just like you

You're now afraid, of body bags

But if you first start squealing

It's your turn

You'll bleed

Bleed

The orchestra of death

You're everyone in this world

Watch you're back

I'm not your friend

That's for real

Watch your acts or you will pay the price

Bleed your worth it

For the first time

In your life

You're someone,

You're my victim

Perpetrator no....

You fucked your chance

I don't need you

Did you a favour

You're not worth it

Perpetrator no....

Now you know

That I'll kill you

No second chance

Gotta job to do

Perpetrator I shouldn't have followed you
