

Terminal Skullet

Fuck the Facts

welcome to your final days. you know this day would come.
pack up all your hair supplies. it's not coming back.
just don't look. just let it go. there's not much more
now.no!. life's not fair. got to try to spike it. or comb
it. maybe to the side. I'll try. a dye job might do the
trick. I'll try. I'll try. no luck. get a life. your
genes. cause death. clearly. comb-over. season of prayer.
feelin galive. what a disaster. the last terminal
skullet. that's how it f**kin ends. des cheveux dans
l'lavabo. du sang dans son cerveau. assis sur le
plancher. plus rien. pour le sauver. light. growing. dim.
last breath of air. remembering the days. when you lived
without a care. gone. no regrets. just a fistfull of
hair.
