

Police

Fucked Up

hide from the cops they broke all our
locks now we got to run the cops ain't
no fun to hide in the trash cops show me
a badge now i am in jail i don't have no bail
on the streets the police in my house
the police gotta run the police they gotta gun
the police a shitty band the police i ain't no fan
the police sleeping on a bench the punch me in
the chest just trying to get some sleep
they throw me in a jeep try to sell me drugs
listen to me with the bugs in a pizza van
i ain't no fucking fan on his face a mustache
they got their hand in my stash his ugly face
i want to bash the pop the fasc
in my head the police on my bed the police
i can't stand the police in this fucking city
