

Forever

Fuel

Fuck the way I feel right now
I'll never feel this anymore
Shut the feelings all right down
I'll never need them anymore
Callous now till all's sublime

Forever, is just some useless word you'd say
You threw it all away, didn't you?
I'll ever, hope you someday feel this ache
You threw it all away, didn't you?

Kill the pain away right now
I'll never feel it anymore
Twist what's real until it's everything I want it to be
I'll never fall again, no

Forever, is just some useless word you'd say
You threw it all away, didn't you?
I'll ever, hope you someday feel this ache
You threw it all away, didn't you?

Wash the stains away right now
Till the dream returns somehow
Turn my sights onto tomorrow
Killing this sorrow now

Forever, is just some useless word you'd say
You threw it all away, didn't you?
I'll ever, hope you someday feel this ache
You threw it all away, didn't you?
Forever, is just some useless word you'd say
You threw it all away, didn't you?
I'll ever, hope you someday feel this ache
You threw it all away, didn't you?

Didn't you?
Didn't you?
Yeah
